- **ISC2 Candidate** — Associate pathway toward CC / CISSP
- **CompTIA Security+** — In Progress (Expected Aug 2026)
- **Manage Security Risks, Networks and Network Security, Foundations of Cybersecurity** — Google / Coursera
- **Security Guard Certification** — State of Tennessee

Experience

IT Security Officer Feb 2025 – Present

Inter-Con Security (Ultium Cells / GM) — Spring Hill, TN

- Oversee IAM protocols across physical and digital domains, enforcing least-privilege access policies and maintaining authentication records for critical battery production infrastructure.
- Manage employee and visitor screening, credential verification, badging, and access authorization; coordinate dispatch operations and monitor radio/phone communications.
- Collaborate with IT and Cyber Defense teams on incident response, anomalous access flagging, and alignment of physical security with cybersecurity initiatives.
- Maintained 100% breach-free record through proactive access control, continuous asset monitoring, and rigorous enforcement of restricted-area protocols.

Security Officer Oct 2023 – Jan 2025

Allied Universal (Ultium Cells) — Spring Hill, TN

- Monitored access control, conducted patrols, and enforced safety protocols at a high-value battery manufacturing facility.
- Produced detailed incident reports and collaborated with site leadership to identify vulnerabilities and analyze incident patterns.

County Commissioner (Mayor's Future Leaders Program) 2019 – 2020

Clarksville-Montgomery County Regional Planning Commission — Clarksville, TN

- Contributed to policy review, resource allocation, and regulatory compliance discussions across Animal Control, Airport, School Board, and Budget committees.
